

Dimensions: mm (in.)

**Mechanical Specifications:**

- Type: 2P SPST
- Operating force: 100~800gf
- Travel: .079"

Electrical Specifications:

- Dielectric strength: 500VDC for 1 minute
- Contact resistance: 50mΩ max.
- Insulation resistance: 100MΩ min. @ 100VDC
- Rating: non-switching 500mA/50VDC;
switching 300mA/24VDC

Materials:

- Base, cover: PBT w/glass fiber
- Knob: nylon 6 w/glass fiber
- Terminals: gold plated brass
- Clip: gold plated beryllium copper
- Lock cover: polypropylene
